On D-Day, the centre organised a mock election whereby the public cast their votes in secret ballots. This was followed by the announcement of the winner! The teachers and staff members asked others to vote for their respective parties. They also gave speeches about changes they would bring about if elected.

To keep the experience authentic, the children were made to vote for a 'St. Jude Child Minister' from amongst them. A number of candidates stood for the post, and went from centre to centre, asking others to vote for their respective parties. They also gave speeches about changes they would bring about if elected.

The two centres, which have been operational since May 2018, were formally inaugurated earlier this year on April 28, 2019. We were most delighted that one of our donors, Mr. N. G. Chanrai, drove down from Chennai with his friend Mr. Srinivasan for the function. Along with them, our local well-wishers, doctors and members of the St. Judes' team also participated in the event.

The centres were formally inaugurated earlier this year on April 28, 2019.

A big shout out to the IT giant for collecting over US$800 for our children!

With his rich experience, we believe that Anil will be an able leader who will steer St. Judes to the greater heights, including the ambitious expansion plans and meeting the needs of more children across India.

With her enthusiasm guided St. Judes to achieve a pan-India presence while keeping the spirit and values of St. Judes intact. Usha's presence at our centres gave confidence to our staff, support to the parents, and love to the children. She was very happy to share that St. Judes is now a certified Great Place To Work!
